

## Professional Certificate Course

**Course Name**     **Airport Emergency Response and Planning**

**Delivery**            *Virtual Class / Online*     5 days (3 hours per day)  
                               *Onsite / Classroom*       5 days (8 hours per day)

### About the Course

The Emergency Response and Planning course provides participants with adequate knowledge to perform their tasks, roles and responsibilities in handling an aviation related emergency at or near the airport and to set up a coordinated response among airport based and external agencies.

### Learning Objectives

Upon completion of this course, participants will be able to:

- Develop and implement a coordinated emergency response plan involving concerned emergency responders.
- Understand regulatory requirements involving emergency planning.
- Ensure that related SOPs flow and pair effectively into coordinated responses.
- Design and conduct emergency exercises effectively.
- Understand international best practices regarding aviation emergency planning and response.

### Target Audience

- All airport-based Personnel
- Airport Operator Personnel
- Airlines Personnel
- Ground Handlers
- Airport Services Personnel
- Police Personnel
- Medical Organisations Personnel
- External Responders
