

Meetings of the ACI Africa Regional Committees

24-25 February, 2024 Cairo, Egypt

The ACI Africa Conference & Exhibition, a pivotal event in the aviation industry, has kicked off in the vibrant city of Cairo, Egypt, from February 24 to March 1, 2024.

The conference commenced with the convergence of the meetings of the six regional committees on 24 & 25 February, each focusing on key aspects crucial to the aviation sector's growth and sustainability. These committees include Economics, Environment & Sustainable Development, Safety & Technical, Facilitation, Technology & Innovation, Security, and Human Resources.

With a diverse array of industry experts and professionals in attendance, the conference promises to be a dynamic platform for discussions, knowledge exchange, and collaborative initiatives that will shape the future of aviation in the region and beyond thereby emphasizing the role of Airports as Levers of Socioeconomic and Sustainable Growth.
