

Professional Certificate Course

Course Name Practice on Airside Safety Audit

Delivery *Virtual Class / Online* 5 days (3 hours per day)
 Onsite / Classroom 5 days (8 hours per day)

About the Course

This course provides aerodrome auditors, aerodrome inspectors and safety personnel the necessary knowledge and skills to be able to audit and inspect their airside infrastructure, SOPs, AIP chart, airport operators and ground handlers.

Learning Objectives

Upon completion of this course, participants will be able to:

- Apply auditing techniques.
- Learn how to improve safety on airside through audit.
- Identify the non-compliance on the airside.
- Identify non-compliance in AIP and Aerodrome Manual.
- Learn how to manage non-compliance situations.
- Apply SARPs of Annex14 to resolve airside problems.
- Learn how Regulators use ICAO Annex 14 and the related documents.
- Learn how to identify obstacles inside and outside the airport.

Target Audience

- Aerodrome safety experts
- Aerodromes auditors
- Airport Operations and safety personnel
- Aerodrome engineers and planners
- Airside inspectors and regulators
- Airside Managers
